

Working for a World Without Waste

A World Without Waste – we want to make this vision a reality. In our day-to-day work, we advocate for a more sustainable world. A world that is shaped by the responsible use of natural resources. A world that is worth living in for our future generations.

At ALBA, we believe waste is not the end of a product's life, but the beginning of a new resource. Through smart waste solutions and innovative recycling systems, we help build a circular Singapore where materials are recovered, reused, and repurposed for a sustainable future.

Join us and be part of a team that is shaping a world without waste.

Be Part of the Change

At ALBA Singapore, your work contributes directly to protecting the environment and advancing sustainable solutions.

Join us in creating a world without waste

Working for a World Without Waste

About ALBA

ALBA has more than 20 years of experience in Asia and over 50 years in the recycling industry. ALBA Group Asia represents the brand ALBA in Asia with its headquarters in Hong Kong, SAR and operating facilities in China and Singapore. We are globally renowned for our top-quality recycling and waste management solutions.

With a local presence and technology expertise, ALBA W&H has been appointed by NEA to be the Public Waste Collector for the Jurong Sector and Woodlands-Yishun Sector, and ALBA E-Waste to be the E-Waste Producer Responsibility Scheme (PRS) operator for Singapore since 1 July 2021.

About ALBA W&H Smart City

ALBA W&H Smart City Pte. Ltd. is a joint venture of ALBA Group and Singapore-based Wah & Hua, and provides integrated waste management and recycling solutions across Singapore. It is also the public waste collector for the Jurong and Woodlands-Yishun sectors.

From waste collection to resource recovery, we support communities and businesses with efficient, environmentally responsible systems that maximise recycling and reduce landfill impact.

About ALBA E-Waste Smart Recycling

ALBA E-Waste Smart Recycling Pte. Ltd. operates Singapore's national e-waste recycling programme.

Through convenient collection points and responsible recycling processes, we ensure electronic waste is safely recovered and valuable materials are sent to licensed and approved recyclers for proper processing.

Our Commitment to Employees

Our people are the driving force behind everything we do.

At ALBA, we are committed to creating a workplace where employees can grow, contribute and thrive.

We foster a supportive culture built on teamwork, continuous improvement and mutual respect — guided by our belief in our values.

Our Values

At the heart of our organization are three core values that define how we work together, grow, and support one another:

We Are All In as One Team, We Get Better Every Day, and We Stay Humble.

These values shape our approach to every challenge and opportunity, driving us to achieve our goals through teamwork, continuous improvement, and mutual respect. They remind us that success is not just about reaching the destination but about how we get there—together, growing, and staying grounded.

What We Offer

Career Growth

- Exciting career paths
